

He search the best perspective to take the best photo

He looks when the best photo is possible

He miss (moment) good or special moments in his life

He thinks about take a very beautiful images

He feel calm and happy

He usually smells the cars' fumes

He listens to the acoustic pollution

He worries about the pollution

He thinks about the clouds shape

He hears the animals crying because of the climate change

He is listening to a bird

On nights, he cannot see the stars

He looks the sunset

He listens to the camera sound

He is going to take a photo

He probably don't speak anything only he's concentrated on doing his work well

He's afraid probably the wild life is gonna disappear → his favourite places to take photos

He can be afraid with the idea of not achieving your goals and objectives

He's afraid that the photos he took of one place, be the last photo of there because the pollution and more things are destroyed the planet

He wants to change the world by his photos

He wants to show his feelings by his photos

He wants to be a famous photographer
